We Expect the Unexpected. We're Here for You!

February 2026

Dear Faithful Friends,

KNOW WHAT?

Did you know that you can support LifeLine Pregnancy Center and thousands of pregnancy centers just like it just by drinking coffee? You can! Your morning "cup of joe" can not only be the best coffee you have ever tasted, but it can also help save lives from abortion. At seven weeks gestation, a baby in the womb is the size of a coffee bean and this is also a time when the baby's heartbeat is easily detected by ultrasound. For this reason, Seven Weeks Coffee was born!

Seven Weeks Coffee was founded by Anton Krecic with the mission of donating 10% of every sale to pregnancy care centers across the nation. The company is unapologetically pro-life, and since 2021, they have donated over \$1,500,000 to pro-life organizations in all 50 states.

Seven Weeks Coffee sources their coffee directly from farmers they personally know, overseeing every step of the process to ensure you receive the highest quality coffee sourced in the most ethical way possible. Their coffee is mold and pesticide free, organic, ultra-low acid, shade grown using regenerative farming, and third party tested. Its quality is unmatched and its purpose is eternal. Simply put, they are Pro-Abundant Life, from the farmers they support to the lives they help save.
