

LIFELINE

PREGNANCY CENTER

We Expect the Unexpected. We're Here for You!

April 2026

Dear Faithful Friends,

KNOW WHAT?

Did you know that not all ultrasound scans reveal a viable pregnancy? When clients come to LifeLine to verify their pregnancies, they are referred to the Clinic of Danny Lickness MD, co-located on site for a limited, first trimester ultrasound scan. Typically, these scans are performed between 6 weeks and 12 weeks gestation. Generally these appointments reveal the baby growing inside the client's uterus, but sometimes, this is not the case.

In the event that a client's pregnancy is not viable or a potential miscarriage is identified, our team of volunteers pivots from a "pregnancy confirmation/options counseling" appointment to a "comfort care appointment." In March, our LifeLine team came together for an in-depth training to ensure that every client (and her partner) are well cared for in the event of a pregnancy loss, miscarriage, or non-viable pregnancy diagnosis. These appointments are often very difficult for clients who are expecting a healthy pregnancy. Thankfully our team is prepared and ready to provide support and care, both in that moment and ongoing if the client desires additional support.

NOW WHAT?

Your partnership with LifeLine provides a variety of services for clients, including pregnancy tests, ultrasounds, pregnancy options education, material support (baby items), referrals for services, pregnancy and parenting education and post abortion recovery. In addition, when clients face a "pregnancy loss," your support allows our team to minister to them at a point of great need, being there for both the client and her partner in their loss. Our team provides support, prayer, and a gift for the client that includes comfort items as she navigates the road head.

Thank you for partnering with LifeLine and helping us "mourn with those who mourn" when needed. We are grateful for your ongoing support and prayers as we reach clients across the Central Coast with compassion, hope and help, and the good news of Jesus Christ.

"Blessed are those who mourn, for they will be comforted."
